Cash Bar Services

A Cash bar is going to be the most affordable option for the host! You, the host, pay the per person cost for the bar mixer and supply package you choose.

Your guests then pay for their own drinks purchased at the bar with cash / debit / credit card payment

Prices include applicable taxes. Gratuity is at each guest's discretion

There is a **\$500 minimum** that must be spent on purchased drinks at the bar.

If the **\$500 minimum** is not met, you, the host, are responsible for the difference.

Meeting this minimum is relatively easy and generally equals approximately 1-2 drinks per guest depending on the event size.

ABC RULES:

*All alcohol products provided by licensed ABC retailer for event.
No outside products are allowed.

*Guest must have a valid ID to consume alcohol.

*Anyone consuming alcohol under age or without a valid ID will not be served / in certain cases, be asked to leave the event property

Consumption Bar Services

Consumption and Combination bars are a great option for clients working with a set budget. With a consumption bar, you are able to keep the bar open on a “consumption tab” up to a pre-determined limit.

For example, you can set a \$2,000 limit to be spent at the bar. After the \$2,000 limit is reached, the bar service would either close or you could convert to a cash bar - where your guest pay for their individual drinks.

Prices include applicable taxes. Gratuity is at each guest’s discretion
